**Application Data Sheet for:**  
**Hydraulic Fracturing Density Gauge**

**Customer Information**

Company Name	<input type="text"/>	Phone Number	<input type="text"/>
Contact Name	<input type="text"/>	Fax Number	<input type="text"/>
Street or P.O. Box	<input type="text"/>	Email Address	
City	<input type="text"/>	_____	
State /Province	<input type="text"/>	_____	
Zip Code	<input type="text"/>	_____	
Country	<input type="text"/>	_____	
Project Name _____		Date _____	

**Application Specifications**

Application: Blender or Cement or High Pressure or Other \_\_\_\_\_

Pipe Size and Schedule: \_\_\_\_\_

or

I.D. and O.D.: \_\_\_\_\_ I.D. \_\_\_\_\_ O.D.

Power: 24VDC or 120VAC

**Outputs**

Number of outputs per gauge required: \_\_\_\_\_

Units Required: g/cc3 PPG Kg/m3 PPA KgSA Other \_\_\_\_\_ (Pick one)

**Options**

How will the electronics be mounted?	Our Cabinet	Our 19" Rack	Others 19" Rack	Panel	(Pick one)
Special connector needed?	10-6P	Jupiter	other	None	(Pick one)
Special notes or instructions?	_____
